Specifications for Polished Mexican Beach Pebble

Polished Mexican Beach Pebble from Big Earth is an exquisite stone frequently used in landscapes and hardscapes. This exquisite stone is smoothed through the natural movements of the ocean and mechanically tumbled to achieve the polished appearance. Polished Beach Pebbles from Big Earth are not sealed or waxed, therefore the polish will never wear off.

Polished Mexican Beach Pebble is available in the following sizes:

- 1-2"
- 2-3"
- 3-5"
- Additional sizes available by special order

Polished Mexican Beach Pebble is available from Big Earth in:

- 40lb bags
  - 66 bags per pallet
  - 2,640lbs per pallet

Suggested Installation for Professionals:

Polished Mexican Beach Pebble shall be hand placed carefully and meticulously in the installation area. Pebbles should be installed in even layers for a cohesive look. It is suggested to use a weed barrier to prevent weeds and keep pebbles above surface of soil.
